FIRST-YEAR ADMISSIONS

PART I–THE APPLICATION

Students should apply at admissions.fsu.edu. If they wish to apply to the University Honors Program and/or CARE, they should select YES on the admissions application.

PART 2–THE APPLICATION STATUS CHECK

After submitting the application, students will gain access to the Application Status Check (admissions.fsu.edu/StatusCheck), where they can see a list of next steps. Applicants should complete the following items:

- Self-report all ACT and/or SAT scores.
- Link the Self-Reported Student Academic Record in the Application Status Check.
  Please allow one to two business days after linking for the checklist item to be satisfied.
- Upload an essay and resume/list of activities.

Additional supplemental applications or other required materials may be added to the checklist for some special programs. It is important for students to continue to monitor the Application Status Check throughout the application process.

APPLICATION DEADLINES

<table>
<thead>
<tr>
<th>APPLICATION PLAN</th>
<th>APPLICATION DEADLINE</th>
<th>DECISION RELEASE DATE</th>
</tr>
</thead>
<tbody>
<tr>
<td>Early Action (Florida Students Only)</td>
<td>October 15, 2022</td>
<td>December 15, 2022</td>
</tr>
<tr>
<td>Regular Decision (All Students)</td>
<td>December 1, 2022</td>
<td>February 15, 2023</td>
</tr>
<tr>
<td>Rolling Decision (All Students)</td>
<td>March 1, 2023</td>
<td>Released on a Rolling Basis in early April</td>
</tr>
</tbody>
</table>

- All application materials must be provided by the application deadline. At least one test score must be submitted before the application deadline; however, additional tests may be considered.
- Students should apply for the term they wish to enroll at the University. Students are not automatically considered for the summer term if they are not eligible for the fall term.
SUPPLEMENTAL APPLICATIONS

• Students planning to major in dance, film (animation or production), music, studio art, or theatre, please review the academic department’s website for detailed major requirements.

• Students answering Yes to the CARE question must provide their CARE application and all supporting documents required for the CARE Summer Bridge Program by their preferred decision deadline. We encourage students to complete their application as soon as possible due to limited spaces available in the CARE Summer Bridge Program.

• Students answering Yes to the University Honors Program question must provide their application and all supporting documents required by their preferred decision deadline.

NOTE: Students who are not selected for the CARE and/or the University Honors Program will automatically be considered for general admission.

TEST SCORE INFORMATION

• Requiring an ACT or SAT score for admissions consideration is not an institutional choice. FSU, along with Florida’s other eleven public universities, is subject to Florida Board of Governors admissions regulation 6.002, which requires first-year students seeking admission to submit an ACT or SAT test score.

• When evaluating students for admission, we superscore both the SAT and ACT.

• At least one test score must be submitted before the application deadline, but additional tests may be considered if provided by these dates:

ADMISSIONS SCHOLARSHIPS

Scholarships offered by the Office of Admissions are awarded to first-year students at the time of acceptance. All accepted students are automatically considered for merit funding. The scholarship criteria can vary from year to year, depending on the academic profile of the incoming class and available funds. Scholarship funds are limited, so students are encouraged to apply for admission by December 1.

**National Merit Finalist / Benacquisto Scholarship:** FSU offers prestigious scholarships for National Merit Finalists graduating with a standard high school diploma and who list FSU as their first-choice institution by May 1. These students are also guaranteed admission into FSU’s distinguished University Honors Program, and the Undergraduate Research Opportunity Program (UROP), which connects high-achieving students with distinguished research mentors to work as research assistants.

- **Florida Resident (Benacquisto):** The total value of this award is equal to the institutional cost of attendance, minus the sum of Bright Futures and the National Merit Scholarship, for a **total value of more than $66,000 distributed across four years.**
- **Out-of-State Resident:** This award includes a 100 percent out-of-state tuition waiver, a $12,000 Vires scholarship, and a $2000 NMSC stipend (if college sponsored) for a **total value of approximately $71,000 distributed across four years.**

**Presidential Scholarship & Program:** This opportunity is open to high school seniors who are admitted into the University Honors Program. Finalists for the Presidential Scholars Program will be notified on February 15, 2023. The Presidential Scholars interview weekend will be held on Friday, March 31, 2023 and Saturday, April 1, 2023. This innovative four-year scholarship program has a total value of $38,000, plus an out-of-state tuition waiver valued at over $57,000 distributed across four years for a **total value of more than $95,000.**

**Vires Scholarship:** The Vires Scholarship is an academic merit award for Florida residents. This scholarship has a **total value of $12,000 distributed across four years,** and would be awarded in addition to the Bright Futures Scholarship for qualifying Florida residents.

**Mores Scholarship:** The Mores Scholarship is a merit award for Florida Residents, which recognizes select students who have demonstrated outstanding academic performance in the face of significant socioeconomic challenges. The award is valued at a total amount of **$12,000 distributed across four years.** This scholarship would be in addition to the Bright Futures Scholarship awarded to qualifying Florida residents.

**Out-of-State Tuition Waiver:** This out-of-state award, which awards a 100 percent reduction (waiver) of the out-of-state portion of the tuition cost, is valued at approximately $481 per semester hour for a **total value of over $57,000 distributed across four years.**
